# BREAM CREEK SHOW 18 MARCH 2023

THIS IS A SMOKE FREE EVENT

## FEATURED ATTRACTIONS

### Frank Finger & Annie

Stars of ABC TV's Muster Dogs, Frank Finger and his kelpie Annie will showcase their signature bond with two working dog displays on the main arena.

If you're keen to personally meet this iconic pair and have a quick one-on-one chat, you can catch them beside the belvedere from 10:15 until 10:45 and 2:00 until 2:30.

### Lawn mower race

There's a fierce rivalry between Bream Creek and the neighbouring communities of Kellevie, Copping & Nugent. Watch representatives from the local area race it out on heavily modified mowers.

### Bullock team demonstration

Brian Fish's demonstrations are as informative as they are impressive, as he manoeuvres these animals, each weighing more than a car in unison, to show traditional ways of farming that well outdate vehicles or machinery.

### Iron man & woman competition 🏆

Two-ish minutes of humble rural tasks, performed competitively! Show your skills, compete in our event and you may get to hold up a trophy! (Competitors need to be 18+)

### Community fundraising bull auction

A livestock auction featuring donated bulls from some of Australia's premier cattle studs. All are welcome to watch, serious bidders need to pre-register.

### The Amazing Race 🏆

Do you consider yourself to be a fast runner? Could you outrun a horse or motorbike in an up and back, 30 meters each way sprint race? Join us for an open running heat, with the winner going on to represent all of humanity in this uniquely Bream Creek event.

### Hall of Industries

Across the day see the best of local produce, photography, baking, flowers, knitting and more across our various competition categories.
